

Subject: Important - Update regarding Active and Creative Kids Vouchers

Date: Wednesday, 7 February 2024 at 4:33:11 pm Australian Eastern Daylight Time

From: Football South Coast Admin <admin@footballsouthcoast.com>

Dear Member Clubs,

This is another update on clubs and the NSW Government's Active and Creative Kids program - where we're up to is this:

1. Clubs have been applying and being approved to be a provider under the Active and Creative Kids Voucher scheme
2. Families are generating their vouchers through Service NSW and bringing them to clubs, and
3. The API is working in our registration platforms

We have an initial set of clubs that are approved, and so now we need to continue updating that approved list in the registration platform.

Once a club is approved, Service NSW periodically provides a list of business IDs, which we then incorporate into the registration platform. Football NSW has received this morning another batch of business IDs and we're seeking confirmation from the registration platform provider how long it takes for that to be incorporated such that the new clubs can go live – for reference, FA have advised that business IDs provided this morning are already live in PlayFootball.

Our updated list of clubs and their statuses is below:

CLUB / ASSOCIATION - Trading Name	ABN	ACKV?
Albion Park City Football Club	72 865 540 931	
Albion Park Cows Football Club	49 196 178 756

Wollongong United FC	86 495 918 311	
Woonona FC	24 990 899 582	WOONONA FOOTBAL

Status	Meaning
Business ID issued	Application approved and business ID issued
Completed	Application approved
Open	Application is being processed
On Hold	Application paused
Closed	Application declined – the entity will need to re-apply; may need a letter of support from Football NSW, a parent body/entity president, screenshot and link to website, etc.

Our big challenges are now almost entirely related to getting clubs approved to be providers. Most clubs' issues relate to challenges in proving that the person applying on behalf of the club is connected to the club in the event that that person is not listed in the Australian Business Register (ABR), **and** that a letter of authority cannot be provided.

In this case, the advice from Service NSW has been that fallbacks could include:

- A letter from the State Sporting Organisation (SSO, ie FNSW) (signed by the SSO CEO or a Director and with the official letterhead) stating that the individual is authorised to apply for that organisation
- A letter from the President of the organisation (signed by the President and with an official letterhead if possible) stating that the individual is authorised to apply for that organisation
- A screenshot from the organisation's official website showing the individual is linked to the organisation

- Service NSW may accept AGM minutes in extenuating circumstances

The final three points are all in the hands of the club itself, but the first point is not.

Service NSW has advised us that whilst they understand that Football NSW (as the State Sporting Organisation or SSO) may be more remote from local clubs than district associations, they would still prefer if letters endorsing people as representatives of their clubs came from Football NSW.

To that end, if your club is in this situation, please complete the following table and we will forward this to FNSW:

Club	ABN	First Name	Last Name	Official position within club
