Subject: FW: December grants update 2025

Members

Information from FNSW re December grant opportunities.

Good Afternoon,

Please find below our December Grants update outlining current grant opportunities and available support for clubs and associations.

As the governing body, we are pleased to offer letters of support for grant applications. These letters are highly recommended, as they are generally viewed favourably by funding assessors.

To request a letter of support, please email lachlanm@footballnsw.com.au with your club's name and a brief overview of your project. This will help us tailor the letter to your specific initiative.

We also encourage clubs to monitor their local council websites, particularly the grants section, as many councils offer their own sport and recreation funding programs.

And a reminder if you haven't already, please register your AED device via the link below to assist the NSW Government create and maintain a database of AEDs across NSW.

INTRODUCING THE AED MAPPING PROJECT

Heartbeat of Sport, a division of the **Heartbeat of Football Foundation**, is excited to launch a new initiative with the **NSW Football Association**.

We're asking for your support to help **update and consolidate AED (defibrillator) location data** across all levels of sport, officials, volunteers, and fans.

WHY IT MATTERS:

- Every second counts in a cardiac emergency.
- Accurate AED data helps **NSW Ambulance** quickly direct callers to nearby defibrillators.
- Clubs can better plan, maintain, and promote lifesaving equipment. It strengthens community awareness and preparedness.

Let's work together to keep every sporting community **#RescueReady**.

Please register your AED below.
