CHAIRMAN'S REPORT

2025 was a pivotal year for Football South Coast, with the future looking very bright for the local game.

The FSC Board determined in 2024 that we would aim in 2025 to engage with our member clubs for one-on-one discussions about the future of football, including matters such as:

- The unification of clubs by suburb or facility.
- The strengthening of the football pathway.
- Consideration of future growth areas where football clubs and new facilities will be required.

These one-on-one discussions were successfully conducted in 2025. Each discussion had representatives from the FSC Board, and Councils, Executive and Committee members from our clubs, with wide-ranging and generally positive discussions occurring. We thank all our volunteers for their time for this process.

These meetings affirmed the positive direction football is moving within Football South Coast. There remains work to do as we look to ensure our game is as strong as it can be at all levels from community level competitions to the Premier Leagues.

There are changes being made to the Premierships and these will continue to be adopted based on the detailed assessment of what is needed to strengthen the game. We will continue to work and support all our clubs to support unification or the growth of the game into new areas.

Football South Coast is proudly an organisation focused on playing opportunities for those of all ages and all abilities.

This means that we are committed to providing:

1. The opportunity for anyone to play the game of football, regardless of age or ability.
2. The provision of participation and competition at the appropriate level for those of all skill abilities to be able to enjoy the game and develop their skills further.
3. Pathways for competitive players.

In late 2025 Football South Coast was awarded the inaugural Nine Ad Manager Association of the Year award by Football New South Wales.

The criteria for this award included:

- The Strengthening of the Football Pathway.
- Innovative delivery of football programs.
- Support for clubs, volunteers, players, coaches, and referees
- Commitment to diversity and inclusion
- Strategic partnerships and community collaboration
- Long-term sustainability and governance

This recognition is valuable and is a testament to the hard work and dedication of everyone involved in football in the South Coast area.

CHAIRMAN'S REPORT continued

A big thank you is due to all our member clubs, whose volunteers work so hard to put players onto the pitch each year. We recognise that without volunteers such as yourselves, there would be no football. We acknowledge the many hours that are spent by our local club volunteers in service to local communities and it is this service that enriches and makes our sport a leader in not only what happens on the pitch, but the friendship, community and support that becomes possible off the pitch.

Thank you also to our hard-working and dedicated staff, football councils and my fellow board members. The commitment you all show throughout each and every year is second to none and is crucial for our ongoing growth and community success.

I would also like to especially acknowledge our outgoing CEO Ann-Marie Balliana. Ann-Marie has decided to embark on a new job challenge in 2026. After being involved in football for much of her life, including as a player and volunteer, Ann-Marie stepped into the FSC CEO role 14 years ago. Her time in the role was during a transformative period for FSC and the leadership Ann-Marie has provided over such an extended period has been exceptional. Ann-Marie is not being totally lost to the game however and is likely to put the playing boots on again for her childhood club, Fairy Meadow FC again in 2026.

At the time of writing, the board's search for a new CEO is continuing. 58 applications have been received and following shortlisting, interviews are presently being conducted. It is a very strong application list, and we look forward to announcing a successful candidate as soon as an appointment has been made.

Looking into 2026, the Board will continue to meet with our clubs as a matter of priority, whether on match days or at other meetings that are arranged through the FSC office. We look forward to working with our clubs on the key matters discussed in 2025 and continuing to grow and strengthen the game in the South Coast during 2026.

CEO's REPORT

Once again, football in the region broke participation records with close to 15,000 players registering to play winter football. Summer football was also at a record high with over 3,200 players across junior and adult age groups and we had fantastic engagement through our junior development programs such as school holiday clinics and term programs. To top off a great year, we were awarded the inaugural FNSW Association of the Year. An extremely proud moment for everyone that has contributed to the success of football in the Illawarra.

Since 2023, we have had 163 new teams from mini-roo's to senior football, 107 of these teams have been female teams and included the inaugural women over 40s competition. There has been remarkable growth across women's football, especially since the Women's World Cup and this has been a wonderful achievement to celebrate across our membership.

Of course, it wouldn't be a year without wet weather and the disruption during the lead into semi-finals was quite a challenge with weekly updates and contingencies, and we thank our clubs for their patience and support as we navigated this.

After 14 years, this will be my last CEO's report as I take up an opportunity in another local community role. Football has been a huge part of my childhood through the club my family began, Fairy Meadow United.

Having graduated at the UOW and embarking on career in Banking and Finance in Sydney, destiny would have it that my Manager, would also happen to be the President of the Illawarra Junior Football Association (IJFA) and asked for my assistance with the accounts. That led to three years as part of the IJFA board which then transitioned to FSC. Some time after this, I became part of the FSC board, and then was successful in being offered the CEO role. Never in my wildest dreams did I think that, I would have the privilege of leading an organisation such as Football South Coast.

My time at FSC has been extremely rewarding, however not without its challenges. As I reflect on the past 14 years, the FSC of today is so very different. The game in the region has grown significantly, it has made many strides forward, however of course, there is still lots to do.

I have truly been honoured to be part of the progress of football in the region, none of which would have been possible without the contribution of FSC staff, the board, our member clubs and of course the many other stakeholders that support football in the region including various levels of government and our sponsors.

Infrastructure will always be a challenge for a code of our size. Over the years we have seen lots of focus on lighting, irrigation and drainage, and change room upgrades. From an association perspective, to have worked with so many stakeholders in the delivery of the regions first, and currently only synthetic pitch in the region was a huge milestone for football. It is important to highlight the contribution of South Coast United FC as part of this, a club that had the vision to understand the bigger picture and the benefits of the pitch to the region.

Ian McLennan is now the base of Football South Coast, with the recent construction of an administration building with additional change rooms, after many years, FSC finally has a home and we thank the NSW Government and Wollongong City Council for supporting this.

In terms of competitions, female football has gone from strength to strength, with female only teams across all age groups. Together with the over 40's taking off in 2025 and the Women's Premier League, female football has excellent foundations to keep growing in particular in the areas of coaching, refereeing and importantly administration to ensure we continue to focus on the diverse needs of our sport.

The Men's Community League has evolved and is a huge part of the football landscape. By facilitating the creation of the Community League Football Council, competitions have developed to focus on the needs of clubs and their players and it won't be long before we have an over 50's or 55's competition to cater for players who just keep wanting to play our beautiful game.

Our Men's Premier League competition, never fails to disappoint. As one of the most highest profiled association based competition, each year is filled with excitement, drama and lots of interest from around the region and state.

CEO REPORT CONTINUED

In terms of our referee's, there has been some excellent initiatives introduced as a result of feedback and continued focus. In 2025, FSC purchased communication equipment which will assist with learning and development. The Referee Development Program is developing talented referees to officiate both FNSW and FSC senior games and with the recruitment of Brendon Fotheringham as the Junior Referee Development Manager, we have seen the introduction of juniors undertaking specific Assistant Referee coaching to assist senior games, amongst many other great initiatives.

When I first commenced as CEO, I was very passionate about ensuring football was an inclusive sport. One of the proudest initiatives I have been involved with was the Knights program which was developed in partnership with the Disability Trust. So successful was the concept, the Disability Trust expanded the program to other sporting codes which allows participants to play against mainstream teams. It is this program that built the foundation of our focus on the concept of ensuring football is a game for 'All Ages and All Abilities'.

Our program with the Multi-Cultural Council Illawarra, which supports refugees, kicked off a number of years ago with initial funding obtained from the IMB Bank Community Foundation, and has evolved into a fantastic platform to allow participants to transition to club football. FSC has been delighted to support the program through subsidising fees, and clubs in the region have also provided financial support to these players.

In line with our objective to ensure football is an inclusive sport, the Walk the Field Walking Football tournament is now a big part of the Walking Football calendar. In 2025, 29 teams of 150 players competed at Ian McLennan Park. A big thank you to everyone involved for making the day a great success, including representatives from the UOW.

The dedication and commitment of our volunteers across Illawarra football provides an immense service to our community. Thank you for your commitment and dedication even though at times it can certainly be a thankless task. I would especially like to thank current and former FSC Board members, Football Councillors, and other FSC committee's who have worked so tireless for football over the years.

Finally, my heartfelt thanks to all FSC staff members. We have had some great times together as a team. The role is challenging, sports administrators are faced with many hurdles, opinions and issues. It takes commitment, dedication and passion to continually and professionally facilitate our competitions and programs and the football community is so very lucky to have many long serving staff members who go above and beyond.

In wrapping up, I would like to thank everyone who has provided support and encouragement over many years. I truly feel grateful to have been able to contribute to this wonderful football community and wish the association and all of our membership the very best.

Take care, Ann-Marie.

JUNIOR COMPETITION

HEAD OF COUNCIL REPORT

The 2025 season began with ground closures due to the wet weather. This was a very frustrating time for clubs, coaches, players, parents, councillors and office staff but we all have had to deal with this situation over the years. With appropriate management the competition was completed using various strategies to enable the final series to be successfully implemented.

Once again there has been considerable growth in the female participation with female competition having teams from U13's to U18's.

Junior Council Competitions once again experienced a marked growth in participations and as such a continued increase in juniors player registrations.

Member clubs are running a small business using volunteers. On behalf of the Junior Council and FSC I would like to sincerely thank all the volunteers who at times aren't recognised for their dedication to ensure that the children play each weekend.

Congratulations to all League Champions and Grand Final Champions in FSC Junior competition and to those teams who participated in the State Cup and Champion of Champions.

Shellharbour J.F.C. were awarded FNSW Community Club of the Year "Runner Up", a worthy achievement by the hard-working club officials and volunteers.

The FSC Junior Grand Finals were hosted by Shellharbour J.F.C. who again went above and beyond in the management of the three days. FSC would like thank the volunteers, mini committee (ball boys) for their involvement.

On behalf of the Junior Council, I would like to thank the office staff who do a great job and at times carrying out those duties outside of normal office hours.

What can I say about David Ware, his attention to detail is extraordinary, the administration of the junior competition is mind boggling. The Junior Council would like to thank David for his work which at times is well outside his normal work hours, interfering with his family time.

Thank you to the Junior Councillors for their knowledge and support throughout the year.

My wife and I are moving on to another chapter in our lives and are relocating to Gold Coast. As a result, I will be stepping down from the Junior Council.

It was a privilege to serve alongside dedicated and passionate people. I've greatly valued the opportunity to contribute to the growth and success of our junior program and will always appreciate the friendships and experiences gained along the way.

JOHN WHIDDETT

MENS PREMIERSHIP COMPETITION

HEAD OF COUNCIL REPORT

As always there are many people who deserve acknowledgement for the role they have played in support of men's premiership football in season 2025.

I want to thank and acknowledge our FSC Board and particularly Tracey Freeman who has supported us on the Men's Premiership Council again this year, creating a strong linkage between our board and the council.

I'd also like to thank members of the Men's Premiership Council who continue to give of their time to ensure the smooth and fair running of our competitions. It is a credit to the passion and commitment of this team. I am pleased to see the return of two old heads in Bruce Cunningham and John Walker. I'm very disappointed to lose the service of Emilio Salucci from the council and I know that all of us in the football community are wishing him a full recovery from his health issues.

Thanks also go to Ann Marie Balliana and the FSC Office team ... and particularly to Bobby Mazeveski for the commitment he continues to show to providing an extremely professional level of support to our premiership competitions.

Thankyou as always goes to our valued sponsors especially the Fraternity Club as the competition naming rights partner. The support of our sponsors is critical in the sustainability of our Men's Premiership Leagues.

Congratulations to all of our 2025 winners of the Bampton Cup, the Championship and our grand final series. As always I particularly acknowledge our club championship winners: Berkeley in the District League; and Wollongong United in the Premier League. In my view this is the most important award in men's premiership football.

My report would not be complete without reference to the enormous effort from many in our football community to develop a strategic path forward for football in our region over the last 12 months. There was deep consultation across our entire football community, and the change program is now underway. Some of these changes impact on men's football and I want to encourage all clubs with teams in this space to seek to understand the drivers of these changes and to continue to engage in the process. We have expanded the number of clubs playing in these leagues and 2026 sees the first season of our new PL3 competitions.

With the re-emergence of Woonona and Figtree and the inclusion of clubs with a long a continuous history in men's premiership football in Bellambi and Corrimal, I expect this to be strongly contested. Our men's competitions go right back to the origins of football in our region in the 1880's. There have been many changes along the way and we are confident that this next evolution is right for our time and will underpin strong men's premiership football competitions into the future.

Lastly, and possibly most importantly, I want to thank the many club volunteers ... and their partners. Your ongoing commitment to our sport and the great personal and community outcomes it can generate are the only reason we are able to maintain these. It has been great to see the continued momentum of clubs connecting more strongly to the junior and women's streams of football played in their areas and now also moving to the full integration of their clubs to incorporate all of these streams. Building these strong community based connections will only serve to strengthen the game and its volunteer base in our region and as an association we strongly support these initiatives.

Season 2026 is now upon us and the work at clubs never really stops from one season to the next. Good luck to all clubs in achieving their goals this season.

Yours in Sport

MEN'S COMMUNITY LEAGUE COMPETITION

HEAD OF COUNCIL REPORT

The Men's Community league had another great season in 2025, there were a few interruptions again with Mother Nature , however we managed to get another full season of football in with an excellent finals series

Thank you to all our clubs and teams for your support and dedication throughout the season, especially to all the volunteers of each club. They're amazing work makes sure all players experience the world game we call football.

A massive thank you to the team at FSC especially David Ware who administers aspects of the men's community competition, and welcome to Kristen Preston as she starts her role in the Men's community league space. All FSC staff are very supportive of our clubs and football council and we thank them for their work.

Another big thanks to the men's community league football council, you guys are unbelievable with the commitment you dedicate to the council and this makes it an absolute pleasure to work with you all, thank you to Bruce Whalan the FSC independent director who assist our council your support and experience has only made us a stronger council

We also thank RMB lawyers for being the major sponsor of the men's community competition. RMB have been long-term sponsors of our competition and we thank Craig and his team for their ongoing support.

It was another great year for our team referees with a lot more experience and learnings and is an initiative that will keep progressing to help address some of the key challenges in relation to match official shortages

Thank you to my fellow board members, I'm looking forward to working with you again this year .

Season 2026 will be another big year. We have the Peter Webster cup once again, and looking forward to another great year of community league football.

WOMEN'S COMPETITION (PREMIERSHIP AND COMMUNITY)

HEAD OF COUNCIL REPORT

We are grateful to all those who support the women's competitions and teams competing across the year, including our tireless volunteers who give so much of their lives to this game. Thanks to our Life Members and our FSC Board members for their ongoing support to grow the women's pathway. Furthermore, thanks to our sponsors Deploy and Southern Cross Austereo Channel 10, and of course The Grange who have supported the Women's Competition for many years along with MM Kembla.

Season 2025 was another successful year for women's football in the Illawarra. This season saw 67 teams compete across Women's Premier League, three AAW divisions, two O30s divisions, and our first ever Women's O40s competition. We would like to thank all clubs and their volunteers as well as the FSC staff who work tirelessly to keep multiple competitions across thousands of players running successfully.

After many years, our O30s competition is stabilising with 15 teams across two divisions once again in 2025. This has allowed for a successful launch of the first ever O40s women's competition, which would not have been viable without the work of FSC Staff Member, Sonya Keir and each club who rallied the players to get back out on the pitch. Congratulations to Jamberoo as the inaugural winners of the O40s League Championship and Grand Final.

In 2025 the Women's Council chose to support the McGrath Foundation. The McGrath Foundation began 20 years ago and has since supported over 160,000 people and their families through cancer. Their work is so valuable that we are seeking support from all of you this evening. Normally, we would schedule a 'charity round' during the season, however, with the ever growing pressures on clubs and volunteers on match day we have commenced moving away from this concept and providing clubs a choice of fundraising options. Thanks to Warilla, Helensburgh and Albion Park for their generous donation of prizes for our annual Awards Night raffle. A big thanks to Bulli who raised \$376, Kiama Quarriers who raised \$200, and Moss Vale with \$100 at their respective home matches. Across the season and Awards Night evening the Women's Council and our clubs raised just over \$1,500.

The Julie Porter Youth Cup was introduced in 2025 alongside the continuation of the Julie Porter Cup for the Women's Premier League competition. Congratulations to Shellharbour JFC for winning the Youth Cup and Shoalhaven FC for taking out the Julie Porter Cup. We also thank Julie for her ongoing support of this competition.

For the second time the Women's Premier League Grand Finals were held at WIN Stadium. This was a brilliant occasion which was only made possible by the support of the FSC Board and the operational excellence of our FSC staff.

The day would not have been as successful without our football community who supported all of our Grand Final clubs, and the Women's Premier League overall. I would also like to extend a thank you to the Women's Council for their support on the day, and in the lead up to the event. We saw just over 1300 fans in the stands across the three divisions. Congratulations to Coniston FC for taking out the Youth Grade and Second Grade Championship (in only their first year in the competition), and Woonona for taking out the First Grade Championship with back-to-back titles. For Season 2026 we have made some structural changes to the competition which has enticed a number of clubs to enter teams in the coming years. We will continue to work with these clubs, and our current clubs as we look to expand the league.

Building on 2024, a number of clubs entered the FNSW Sapphire Cup in 2025 which provides another level of competition for our Premier League clubs, unfortunately our clubs were unable to progress this year. Shellharbour JFC represented FSC in the Champions of Champions AAW competition and progressed through to the Semi Finals. Woonona Sharks made it through to the final in the 21 Women's and Kiama Quarriers progressed to the Quarter Finals in the O30 Women. Congratulations to each of these clubs on their performances in these state tournaments.

Lastly, on a personal note, I want to thank this community who assisted me and my family this year, from the players, volunteers and referees, particularly those at Shellharbour and UOWFC. As well as to the wonderful people and friends from the broader football community who provided support also. A huge thank you to the Women's Council as well, with a special mention to Sandy Depers who always goes above and beyond for women's football in the Illawarra.

Looking forward to an even bigger season in 2026.

Yours in Sport

Emi Skopal

REFEREES

Overview

The 2025 season marked another year of growth, structural refinement, and continued investment in referee development across Football South Coast.

Throughout the year, key operational processes transitioned into FSC Management roles and responsibilities.

The Technical Committee supported the office in relation to referee groupings and Grand Final appointments with this collaborative approach strengthened transparency and appointment processes across competitions.

Referee Participation & Growth

In 2025, Football South Coast recorded:

- 460 registered referees
- 178 new Level 4 referees
- 209 renewing junior referees
- 17% Females & 83% Males

The continued intake of new Level 4 officials, combined with strong junior retention numbers, highlights the sustainability of our referee pathway and the growing interest in officiating across the region.

Female participation remains an important focus area, with 76 registered female referees contributing across community and performance competitions.

Referee Development Program (RDP)

The Referee Development Program continued to strengthen in 2025, expanding from 22 to 27 members. This growth reflects the increasing depth of talent within our region and reinforces FSC's commitment to structured development pathways for emerging referees.

Further supporting development, Football South Coast appointed its first Junior Referee Development Officer, Brendon Fotheringham, a significant step forward in providing targeted mentoring and progression opportunities for junior officials and support for our Junior Referee Coordinators.

Throughout the season, several RDP graduates made their First Grade Debut, demonstrating the strength of our Development Pathway and the readiness of emerging referees to perform at higher levels.

Investment in Matchday Standards

In 2025, FSC introduced communications equipment into Premier League and District League matches with 12 sets purchased.

The units were implemented across Premier League and District League competitions across Second and First grade matches.

This investment enhances teamwork, match control, and overall officiating standards, aligning local competitions more closely with high-performance environments.

We also delivered successful, incident-free Grand Finals across all football streams, with overwhelmingly positive feedback received regarding the standard of officiating.

Coaching sessions throughout the season were led by our FNSW-appointed coach, Alex Glasgow. Sessions were well attended and received strong feedback from members. We also delivered an increased number of junior coaching sessions compared to previous seasons, further strengthening our focus on junior referee development.

End of Season Award Winners

The 2025 Referee Awards Night recognised outstanding achievement across all levels:

- Les 'Pop' Parker – Club Person of the Year: Thomas Ahling
- Peter Banks Memorial Trophy – Rookie of the Year: Joshua Edwards
- George Naylor Memorial Trophy – Most Improved Referee: Jaime Sereno
- Vince Masters Perpetual Trophy – Premier League 1st Grade Referee: Peter Ilcevski
- RDP Male Referee of the Year: Kody Lawler
- RDP Female Referee of the Year: Olivia Volpato
- RDP Female Referee of the Year: Chelsea Leung
- Most Improved Community League Referee: Michael Eggers
- Most Improved Team Referee: Shane Adams

These awards reflect the depth of talent, commitment, and professionalism within our referee cohort.

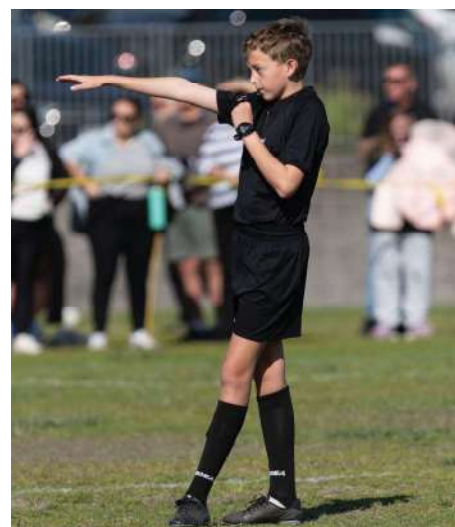

Representative and State Achievements

We were proud to see further recognition at state level, with Brooklyn Faucett and Olivia Volpato announced by Football NSW as Rising Stars for the 2026 Referee Academy.

This recognition reinforces the strength of FSC's development framework and the clear pathway available for referees aspiring to higher levels.

The 2025 season demonstrated continued growth in participation, investment in development infrastructure, and increasing recognition of our referees at both regional and state levels.

With strengthened governance structures, expanded development programs, and enhanced matchday resources, Football South Coast remains committed to building sustainable referee pathways that show the continued growth of the game across the region.

FOOTBALL DEVELOPMENT MANAGER REPORT

Flare Football

Our Flare Football programs continue to provide our junior association players the opportunity to continue their football development in addition to their club commitment training. With so many additional football development opportunities now available to players and parents, we pride ourselves on providing low-cost opportunities for all players in the region to be coached by our highly qualified FSC coaching team

Female Only Development Program

Our female football programs continue to be delivered across the Illawarra at our Albion Park and Ian McLennan hubs. Offering female players between the ages of 6-12 is a great way to not only introduce new female players to the game in a safe, fun and inclusive environment but also provides female players already involved in the game the opportunity to continue to develop and grow around other like-minded females.

Flare Football School Holiday Clinics.

Our school holiday programs continue to be the flag bearer for all our development programs. Hugely popular with parents and players, our three-day mixed clinic, one day goalkeeping clinic and our one-day Girls Only clinic provides not only football development but brings all the players together to provide an exceptional social setting for our young players to meet new friends and thrive.

As seen in previous years, we continue to see close to 1000 young players attending the programs across the year which highlights the importance of these clinics to our region.

Football South Coast Cup

In addition to our school holiday clinics, in the July school holidays we continue to run the Football South Coast Cup for players and teams looking for a competitive, small sided games program as opposed to the three day development clinic. This year we had 24 teams compete in the mixed competition and 14 teams competing in the girls only program between the ages of U6-U11 with many teams testing themselves by playing the age groups up. The atmosphere all week was a credit to all parents, players, team managers and coaches, with every game played in the right spirit as we have seen in all the years previously.

Flare Pre-SAP and SAP Development Program

We continued to deliver this 30-week intensive development program for those players between the age of 8-12 who have aspirations to take their football potentially to the next level and into the representative space. From 2026, this will program will continue but in a term-to-term format to meet the changing demands already put on parents financially and through other after school activities.

End of Season Association Development Program

Our end of season association development program continues to be attractive for parents looking for their children to carry on with their football development in between season end and prior to our summer football competition commencing.

Coach Education

2025 saw an outstanding year for coach education. The new Foundation of Football Certificate that was rolled out by Football Australia in 2024 has now really become a significant course amongst our regions coaches with a great deal of interest shown in the one-day course. In total 111 coaches attended and obtained the Foundation Football Certificate which is extremely encouraging and will only benefit the local clubs of whom they are connected to and most importantly their players.

The C Diploma was again delivered at Ian McLennan Park and was fully subscribed with 24 registered coaches all of which attended initially the Foundation of Football Certificate as a prerequisite into the C Diploma. In 2026 Football South Coast will be extending the availability of the C Diploma in the region to two courses a year.

2025 also saw the very first B Diploma held at Ian McLennan Park, the first of its kind outside of Valentine Park, home of Football NSW. This nine-day course delivered in 3 blocks in the months of September, October and December was hugely successful with the course selling out within 24 hours of it being advertised. This just reinforces and highlights the appetite that our region's coaches have to wanting to upskill and develop their coaching practices and coaching philosophies further. As a result of the course success, Football NSW and Football South Coast have locked in another B Diploma in 2026.

The Mini-Roo's coaching certificate continues to be delivered across the region to provide a 'free' 3-hour introduction to Mini-Roo's football for all parents, team managers and coaches in this space. In total 8 courses were delivered and were all very well attended.

Dot Reed Stephenson Club Person of the Year	Gillian Lehn (Helensburgh Thistle)

LIFE MEMBERS

Many individuals give countless hours of their time, unquestioned loyalty and a dedicated service to the game of Football. Without these wonderful and dedicated people, our beautiful global game of football cannot and could not have prospered and would not have provided that basic enjoyment to our community, of a simple game of football every week.

Prior to unification the Illawarra Referee Association (IFRA) the Illawarra Women's Football Association (IWFA), the Illawarra Junior Football Association (IJFA), the Illawarra Amateur Football Association (IAFA) and the Illawarra Football Association (IFA) honoured some wonderful contributors of the game:

IFRA 1923 W. CUNNINGHAM * 1923 S. E. FSC LIFE MEMBERSHIP

Regina Moran

Regina Moran has been an active part of Albion Park Soccer Club since 1998 with her involvement stemming from her two sons playing as juniors for the club. In 2001 Regina (or Reg as she is known) joined the committee in 2001.

Although her sons have both grown and moved on as seniors playing for other clubs, Regina remains a stalwart for our club. Always leading by example, Reg who is the current Club Secretary, is known for her hands on approach and always going above and beyond.

Regina throughout the years has shown no hesitation or fear when it comes to mowing in lines on the field, attempting to jump behind the canteen/BBQ and everything else in between and ensuring everyone regardless of age or ability are welcomed to the club. In 2011, Reg was made life member of the Club.

Reg has also been one of the biggest drivers for the growth of female participation at Albion Park Soccer Club and is very passionate and dedicated when it comes to grass roots football and Albion Park Football Club with the guidance from Reg is now a fully unified club ensuring there is a pathway from under 5 to over 45 for both male & females' footballers.

Regina is very well known by majority of clubs in the Illawarra and is always willing to assist other clubs with her knowledge and passion for the game. Reg has been a part of the FSC Junior Football Council for 12 years and has been always focussed on contributing to the association in the best interests of all member clubs and was recognised for this as the recipient of the FNSW State Award in 2019 and the FSC Service to Football Award in 2022.

NSW STATE AWARD AND CONTRIBUTION TO FOOTBALL RECIPIENTS

NSW STATE AWARD—2025 Recipient, Kendall Williams

Playing since she was five years old in Lithgow and then as a representative player for Nepean District, Kendall is a self-confessed lover of the game.

Since moving to the Illawarra Kendall has played for Fernhill and Coniston. At both clubs she has taken on volunteer general committee member roles before taking on more senior roles. Her current role at Coniston as Women's Vice President sees her working with the senior club to firmly cement the women into the club structure and working to creating a strong community club. While at Fernhill she was the Women's President for three years.

Kendall is a great advocate for women's football both on the pitch and in her club. She loves the enthusiasm of the young players she is coaching and is looking forward to making them even better players. Despite the challenges facing women's football, Kendall only sees opportunities.

The opportunity to raise the profile of women's football, the opportunity to create an inclusive club environment, the opportunity to recruit and retain players, the opportunity to improve the standard of play and the opportunity for the women's competition to continue expanding to meet the needs of both younger and older players.

Service to Football Award Recipients – FSC Season Launch

Each year at the FSC Season Launch, each Football Council awards a Service to Football Award to individuals involved in football for a minimum of 10 years and who have been a key and visible contributor to the football community in the Illawarra.

At the 2025 Season Launch the Contribution to Football Award Recipients were:

Junior Football Council

Ruth Crouch (Berkeley FC)

Yani Sekuloski (Shellharbour Junior FC)

Women's Football Council

Belinda Barter (Russell Vale FC)

Brad Walter (Thirroul Thunder FC)

Men's Football Council

Graham Crouch (Berkeley FC)

Community League Football Council

Cameron De Jong (IFS Wolves)

Leon Mar (Thirroul Thunder FC)

Referee's

Brendon Fotheringham

Dennis Makin
